**Note:** The cards used for this shoot were the standard 1989 series due to the prospect of wet weather affecting the proposed method of taping BR15 cards to the target boards. Thus, there could not be a count of the number of Xs so we've just counted the number of carton bulls instead, just for interest.

Hopefully next year we can use the proper benchrest targets and count the X's.

All positions are unofficial (trial shoot - no prizes)
